Allison & Nate:

4) cultural or historical resources, particularly Tribal, located near a monument but not within the boundary that might benefit from inclusion in the monument

Tyler/Nate- Please pull info for BENM (could also reference tribal proposal boundaries)

Cindy- do you want UTSO to lead (as these are areas that would not be within GSENM currently?)

Here are some initial thoughts from Matt Zweifel for Nate. We can expand on these if you want more info and Nate can edit/change/add/ as he sees fit:

- Mollies Nipple/Nipple Lake: Private inholding within GSENM. This is considered a TCP with the Paiute. It is the only permanently wet meadow within GSENM, providing for a very unique habitat. The area is very dense in cultural sites, ancestral pueblo, occupation and pilgrimage trails.
- Vermilion Cliffs Front: Field Office/Private. Hwy 12 boundary. Ancestral pueblo/archeological record/contiguous with GSENM/
- Paria River Canyon (between VCNM & GSENM-on KFO) Includes pilgrimage trails for Hopi & Paiute
- Shunarump Cliffs/Pioneer Gap: KFO & private inholdings: Anasazi site/
- Glen Canyon NRA-western/uplands. This area is contiguous with GSENM. There is a separation between the Lake based/recreation based focus for GCNRA and this area.

Only five questions for Utah- please see suggested POCs, attached. I can handle all the WSA/lwc/wilderness info.

Is everyone available at 9 am tomorrow to discuss? I am flexible, but Aaron, Nate and I are all on standby still for a drop-everything leg. affairs request tonight and may not be in the office until after 8 tomorrow morning.

Hi All:

We received a few additional questions from DOI that we need some assistance from Utah. Please see the attached list of questions and provide responses to the questions I've noted for Utah. There are a few that we (WO410) will take the lead on addressing. Please don't upload this document to the google drive folder. Just insert your responses in the attachment, one for Bears Ears and one for GSENM, and email back to me to coordinate in the WO and transmit to DOI. If at all possible, please provide the responses to these questions tomorrow (5/19).

Please let me know if you have any questions.

Thanks so much, Sally
